

# CCSS Mathematics - Answer Keys for Grade 6

CCSS.Math.Content.6.SP.B.5.c - Answer Key for Worksheet #13898

## Answer Key

## Standard: CCSS.Math.Content.6.SP.B.5.c

Description: Giving quantitative measures of center (median and/or mean) and variability (interquartile range and/or mean absolute deviation), as well as describing any overall pattern and any striking deviations from the overall pattern with reference to the context in which the data were gathered.

Calculate stats on 6 to 16 numbers: order them, then calculate range, mean, median and mode.:

|                                                                                                                                                                                                                                         |                                                                                                                                                                                                                             |
