Common Core Mathematics Practice for Grade 6

CCSS.Math.Content.6.EE.A.2.a - Worksheet #34115

Name:

Standard: CCSS.Math.Content.6.EE.A.2.a

Description: Write expressions that record operations with numbers and with letters standing for numbers. For example, express the calculation "Subtract y from 5" as 5 - y.

Do You Speak Math (Easy, Words to Math)?:

1. Write "a minus 9, or a decreased by 9, or 9 less than a, or subtract 9 from a" as an expression:

6. Write "the product of z and 7, or multiply z by 7" as an expression:

2. Write "f minus 6, or f decreased by 6, or 6 less than f, or subtract 6 from f" as an expression:

7. Write "the quotient of y and 6, or divide y by 6" as an expression:

3. Write "raise c to the 7th power" as an expression:

8. Write "n minus 2, or n decreased by 2, or 2 less than n, or subtract 2 from n" as an expression:

4. Write "the product of h and 10, or multiply h by 10" as an expression:

9. Write "j minus 8, or j decreased by 8, or 8 less than j, or subtract 8 from j" as an expression:

5. Write "the quotient of c and 3, or divide c by 3" as an expression:

10. Write "b minus 8, or b decreased by 8, or 8 less than b, or subtract 8 from b" as an expression:
