Common Core Mathematics Practice for Grade 6

CCSS.Math.Content.6.EE.A.2.a - Worksheet #34184

Name:

_____

Standard: CCSS.Math.Content.6.EE.A.2.a

Description: Write expressions that record operations with numbers and with letters standing for numbers. For example, express the calculation "Subtract y from 5" as 5 - y.

Do You Speak Math (Easy, Words to Math)?:

1. Write "raise 2 to the x-th power" as an expression:

6. Write "raise d to the 6th power" as an expression:

2. Write "9 minus y, or 9 decreased by y, or y less than 9, or subtract y from 9" as an expression:

7. Write "the product of z and 3, or multiply z by 3" as an expression:

3. Write "the quotient of m and 5, or divide m by 5" as an expression:

8. Write "2 minus c, or 2 decreased by c, or c less than 2, or subtract c from 2" as an expression:

4. Write "8 plus h, or 8 increased by h, or h more than 8, or add h to 8" as an expression:

9. Write "k plus 7, or k increased by 7, or 7 more than k, or add 7 to k" as an expression:

5. Write "the quotient of f and 5, or divide f by 5" as an expression:

10. Write "the product of w and 9, or multiply w by 9" as an expression:
